

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

the "reciprocity treaty," for the avowed purpose of conferring privileges upon the people of both countries, which should be mutual and reciprocal, by the admission of certain enumerated articles, being the growth or produce of the British Colonies of North America, or of the United States, into each country free of duty;

And whereas, The practical working of the treaty has effected a great loss to the revenues of the United States, owing to the increase of free importations from the British Provinces;

And whereas, The importations from Canada, duty free, of lumber, flour, wheat and other products of Michigan, operate to the great disadvantage of her people, without rendering any equivalent;

And whereas, Since the concluding of such "reciprocity treaty," the Canadian Parliament has every year passed a new tariff act, imposing additional burdens upon importations from the United States, till in many cases they amount to practical prohibition;

And whereas, Experience has proven the treaty to be other than reciprocal, and seriously disadvantageous to the people of this State and of the United States; therefore

Be it resolved by the Senate and House of Representatives of the State of Michigan, That our Senators in Congress be instructed, and our Representatives requested, to use all honorable and proper means to procure such essential amendments to the "reciprocity treaty," so called, as will make it truly reciprocal, or to procure its abrogation.

Resolved, That the Governor be requested to forward a copy of the foregoing preamble and resolution to each of our Senators and Representatives in Congress.

JOINT RESOLUTIONS.

[No. 11.]

JOINT RESOLUTION to authorize the board of State auditors to audit and allow the claim of William Beard, in the matter of the improvement of navigation over the sand flats of the Muskegon river, and to authorize the Commissioner of the State Land Office to issue patents of State swamp land therefor.

Whereas, By an act of the legislature of eighteen hundred and fifty-seven, provision was made for the improvement of the sand flats of the Muskegon river, and under and by virtue of that act, commissioners were appointed to take charge of that work and let the same by contract, and by the same act fifty thousand dollars was appropriated for said purpose, and provisions were made that said work should not cost more than said fifty thousand dollars, and to be paid out of the internal improvement fund;

And whereas, Said commissioners did proceed to and did let said work to one John A. Brooks, for the sum of fifty thousand dollars, but said Brooks at the time was legally incapable of taking said contract, under a provision of the constitution prohibiting any member of the legislature from becoming interested, directly or indirectly, in any contract with the State, authorized by any law passed during the time for which he was elected, nor for one year thereafter;

And whereas, Said contract so entered into, was by said Brooks assigned to one William Beard, who, in good faith, went on and completed the said work to the full satisfaction and acceptance of the said commissioners and of the Governor, according to the terms of said act, and the same is of great value to the State and people thereof;

And whereas, Said Beard is justly entitled to compensation for the performance of said work, although said contract is void for the reason aforesaid, and can only obtain the same as and for a just claim;

And whereas, The internal improvement lands, out of which it was contemplated the aforesaid appropriation should be paid, had been entirely exhausted at the time of such appropriation;

JOINT RESOLUTIONS.

• 51

Resolved by the Senate and House of Representatives of the State of Michigan, That the claim of William Beard is hereby referred to the board of State auditors to examine, audit and allow, at such an amount, not exceeding fifty thousand dollars, as they shall find justly and equitably due and owing to him, for work done and money expended in the improvement of navigation over the sand flats of Muskegon river, and upon the filing by the said William Beard, with said board of auditors, of a receipt in full of and for all claims and demands against the State of Michigan on account of said work, the Commissioner of the State Land Office shall issue to said Beard a patent or patents for such an amount of State swamp lands as shall be sufficient, at the minimum price of said lands, to satisfy the amount so allowed, said lands to be selected from any swamp lands subject to entry at the time of filing of such selections, the land hereby appropriated to be selected within six months from the date of the allowance of the claim: *Provided, That said lands shall be selected in the counties of Muskegon, Newaygo, Mecosta, Osceola, Clare, Missaukee and Roscommon.*

Resolved further, That unless the said Beard shall have adjusted and settled the unpaid balance of compensation and other expenses, under the provisions of section nine, of act one hundred and forty-seven, of the session laws of eighteen hundred and fifty-seven, and shall produce satisfactory evidence of such settlement, it shall be competent for the board of State auditors to audit and allow the same, and require it to be paid by the said Beard before he shall be entitled to the provisions and benefits of this resolution.

Whereas, The legislature, by an act supplementary to an act to provide for the construction of a ship canal around the falls of St. Mary's, approved February fifth, eighteen hundred and fifty-three, did authorize that the taxes on lands of the St. Mary's canal company might be remitted to the said company for a period of five years;

And whereas, The taxes thus remitted have been debited to the general fund, and credited to the counties in which the lands lie, for the purpose of reimbursing such counties; therefore

Resolved by the Senate and House of Representatives of the State of Michigan, That the entire receipts from tolls on the St. Mary's ship canal for the year eighteen hundred and sixty two, and for such time thereafter as may be necessary, except such sums as may be required to pay the current expenses of said canal, and also the interest accruing upon the canal loans guaranteed by the State, shall be and the same are set apart for the purpose of reimbursing such sums as are due the several
